

ADB Safegate Austria GmbH

C++ Developer (m/f)

C++ Developers- Tower Systems- Home Office Possibilities

Our Customers are Air Navigation Service providers and airports; the users of our systems are mainly Air Traffic Controllers. Airplanes are safely landing and departing worldwide, using our systems under the control of our customers who trust in our solutions. Our portfolio includes solutions for Air and Ground Situation Displays, Electronic Flight Strip Systems, Apron Management and Arrival and Departure Management systems. Our solutions are operated at airports around the globe. Because of numerous market opportunities we are growing our site in Graz, Austria and we are looking for YOU to join us in

Austria- Graz- a place for nature enthusiasts

Would you love to work and live where other people make holidays?

We are in the South of Austria in Graz, a pulsing town,

2 hours to Vienna,

2 hours to Ljubljana and

3 hours to the sea, Italy

2 hours to world known skiing resorts

0 hours to great nature to relax

We are looking forward to receiving your application via mail

barbara.stampf.ext@adbsafegate.com, Learn more about us under: <https://vimeo.com/245732023>
